

# Keep Plastic out of the Bay

Dear elected official,

Narragansett Bay and the beaches along our coast are among Rhode Island's most precious places.

Yet each year, more plastic bags litter our beaches and coast and pollute the Bay. Marine wildlife mistake these bags for food, often with fatal results. Clams and fish are vulnerable to toxic substances carried in plastic fragments that never completely degrade.

Nothing we use for a few minutes should be allowed to pollute our waters for hundreds of years. I urge you to support a ban on single-use plastic checkout bags.

Sincerely,
